

1.9 WHAT ARE THE LIMITS FOR CHOCK THICKNESS?

EPOCAST 36 chocks may be any thickness.

- Chocks from 13 mm to 100 mm can easily be installed without difficulty by following simple mixing and pouring instructions. THIS IS A UNIQUE FEATURE OF EPOCAST LEADING TO VERY SIMPLE INSTALLATION TECHNIQUES.
- Chocks below 13 mm thickness require experience. Consult your EPOCAST technician or H.A. SPRINGER GMBH.
